

BOERS CONCENTRATING TO LAY SEIGE TO CAPE TOWN

Population of Cape Colony is in a State of Mind Bordering on a Terrible War Panic.

BRITISH ARMY CANNOT CHECK INVADERS

Active Preparations on Foot to Resist a Seige—
Burghers Also Cross the Orange River—
British Casualties Over 12,000.

London, Jan. 5.—Another Boer commando has entered Cape Colony. Lord Kitchener cables that the Boers have crossed the Orange river near Aliwal and some of them have appeared in the neighborhood of Rhenoster. It is doubtful if Dewet is with them.

Kitchener also reports that a western party of Boers seems to be making for Calvinia. The eastern party is broken into small bands. Calvinia is only two hundred miles north of Cape Town.

TERROR REIGNS IN CAPE TOWN.

Active Preparations Are on Foot to Resist a Siege from Boers.

London, Jan. 5.—The widely extended formation of Boers continues to sweep across Cape Colony, as yet unacquainted with serious British resistance.

Their scattered commandoes are stretched out in a manner not unlike the far flung front with which Lord Roberts advanced from Bloemfontein to Pretoria. They hurry the imperial forces east, west and north, keeping the invaded region in a condition of growing terrorism.

It is gradually becoming more and more evident that Cape Colony must find the means of its own salvation.

Word comes that Lord Kitchener has called for 3,000 Cape volunteers to protect the Rand gold mines, thus indicating that no more troops can be spared from police duty in the Transvaal, to say nothing of the military operations south of the Orange river.

Great Excitement in Cape Town. Cape Town lives in a state of mind bordering on a panic. Active preparations are on foot to resist a seige, including the landing of a force of naval guns and several companies of marines.

It is hoped that the invaders hovering around Frasersburg in the West Graaf Reinet, in the center of the colony, and Maraisburg in the east, will be brought to a stand at the Hex river. Their progress in the fertile country to the south has been effectively checked.

While this decisive scheme materializes the movements of the burghers in the north-west is watched with anxiety. The Bechuanaland Boers, augmented by many of the residents, threaten to invest Griquatown and Kuruman.

BOERS ACROSS THE ORANGE.

Two Russian Commanders Are Killed in the Fighting.

Cape Town, Jan. 5.—It is announced that 200 Boers have crossed the Orange river going north. It is reported that the Russian commanders, Petrowsk and Duploer, were killed in the fighting at Utrecht.

INAUGURATION OF LA FOLLETTE CEREMONIES TO BE VERY SIMPLE

State Guard Will Assist in the Proceedings—Social Event Will Be the Ball—State Officers and Wives Will Receive.

Madison, Wis., Jan. 5.—The general committee of arrangements of the inauguration of the state officers-elect met in the executive office today and completed the arrangements. The plan of the inauguration as finally settled today is as follows:

The state officers who do not reside in Madison, that is Atty. Gen. Hicks and Lieut. Gov. Stone, will be met at the railway station in the forenoon by the committee and Co. G., of the First regiment, W. N. G., and escorted to the capitol.

The committee and Co. G. will then go to the home of Gov.-elect La Follette and escort him to the executive chamber, where all of the state officers elect will assemble.

A few minutes before noon the state officers elect and the members of the committee will proceed to the assembly chamber, arriving about the same time as the members of the supreme court.

A quantity of ammunition has been captured from sympathizers with the Boer invaders, in the neighborhood of Paal.

Colonial Secretary Graham confirms the report of a seizure of dynamite in the Frasersburg district, but says there was nothing illegal in the shipment of the explosive to that place.

Still Pursuing De Wet.

London, Jan. 5.—Advices from Maseru, Basutoland, dated yesterday, say that three separate columns are still pursuing General De Wet, but with no success beyond taking twenty-eight prisoners. Cannon firing is continually heard.

All the English have deserted Ficksburg, taking their stocks of grain across the border, and the Boers have looted the town.

According to the Daily Mail's correspondent at The Hague, the directorate of the Netherlands South African railway has applied to the Amsterdam courts for a suspension of payments.

Casualties During the War.

The war office today issued a list of casualties during the war in South Africa, which shows that the total deaths were 604 officers and 11,554 men. In addition to this, four officers and 243 men died of wounds or disease after returning home.

SAYS BOER ARMY HAS 16,000.

Statement by Burghers' Consul-General in New York.

New York, Jan. 5.—Charles D. Pierce, consul general of the Orange Free State in New York, and treasurer of the Boer relief fund in America, has given out the following statement:

"The news coming to us every day, both by public and private cable, shows the reported conquest of the Boers to be a delusion.

"There are under arms on the Boer side over 16,000 hardy, determined, invincible patriots—of which 5,000 are now invading Cape Colony—against the 210,000 troops landed from Great Britain and her dependencies.

"The British invaders have lost over 45 per cent of that force. The Boers' total losses in killed and dying from wounds have not exceeded 1,500, but their loss in property and in the impoverishment of the people has been very great.

"Part of the Boers are armed with Mausers, using a plain bullet, but many have Lee-Metford rifles, which use the dum-dum bullet, and all of the latter were captured from the English; they bear the arrow mark of Woolwich."

Alfred Milner to Govern.

London, Jan. 5.—The appointment of Sir Alfred Milner as governor of the Orange River Colony and the Transvaal was announced today.

Borneo Blend 22c, and a trade winner. Dedrick Bros.

PHILADELPHIA FIRM FAILS.

Receiver Appointed for Dingley Woolen Mills Company.

Philadelphia, Pa., Jan. 5.—The Dingley Woolen Mills company, an extensive manufacturing concern, has gone into the hands of a receiver. The affairs of the company were involved with those of George Campbell, who failed recently, and it was found necessary to ask for the appointment of a receiver, and James Pollock was named. He is also receiver for Mr. Campbell. Owing to the failure of the mills, a bid which had been made for a contract for government blankets, amounting to about \$50,000, will be withdrawn. Receiver Pollock says the failure of the Dingley mills, as well as that of Mr. Campbell, is due to the notoriety given the fact that government inspectors had refused to accept some of the blankets made by Mr. Campbell.

Miss Fannie Woodard of Clinton is visiting friends in the city.

WRECK OUTSIDE OF THE GOLDEN GATE

Steamship Inagua Goes Under with Twenty-Six Passengers and a Crew of Fourteen.

San Francisco, Cal., Jan. 5.—The steamship Inagua, Prisco for San Diego, general merchandise, with twenty-six passengers and a crew of fourteen was wrecked outside of the Golden Gate on Ruxbury reef last night.

Chief Engineer Burrill was washed ashore after a terrible experience. Some took to boats but the majority clung to wreckage with great waves breaking over them.

Tugs were immediately sent to the rescue but up to nine this morning no news has been received from the scene of the wreck. It is very probable that the loss of life will be great.

Word from the wreck at eleven o'clock says that the vessel remains upright with the life savers alongside. Hopes are entertained of saving everybody.

SCARE BURGLARS AWAY

Fright Drives Them From a Chetek Wis., Bank, After Door of Safe Is Blown Off.

Chetek, Wis., Jan. 5.—An attempt was made to rob the Farmers & Merchants' bank last night. The outer door of the steel safe was blown open and the operators were then evidently scared away. The people in the building attributed the noise they heard to the action of the frost. The condition of the bank was not discovered until the cashier opened the doors this morning. Fifteen cents was taken from a money till.

START A BOOM FOR STATE Supt HARVEY

He Is Being Urged for the Presidency of the Wisconsin State University.

Milwaukee, Jan. 5.—A boom has been started by some educators in the state for State Superintendent L. D. Harvey as president of the University of Wisconsin should President Adams be forced to resign. The boom is rather premature in that from last advices received President Adams was steadily improving in health, with every prospect of returning to his work at the close of his leave of absence.

Some of the gossips have even gone so far as to speculate on who would follow Supt. Harvey as state superintendent in case he resigned the one office to accept the other. In such case the governor would temporarily fill the office.

Present Center of Population.

Washington, Jan. 5.—The census bureau announces the present center of population will be in latitude thirty nine degrees, forty eight minutes and fifty-four seconds, or a point about seven miles southeast of the city of Columbus, Indiana. It has moved west about fourteen miles since 1890.

PETTIGREW WILL OBSTRUCT WORK

Says He Will Fillbuster Against the Army Bill—Rivers and Harbors in the House.

Washington, Jan. 5.—Most if not all of next week in the senate will be spent on further consideration of the army organization bill. The managers hope to conclude the debate Thursday but the chances are slim. Pettigrew insists he will continue his filibuster against the passage of the bill until his resolutions asking for information on the Philippines have been adopted.

In the house much of next week will be devoted to the consideration of the rivers and harbors appropriation. The re-apportionment question will probably hold the boards Monday and Tuesday.

MILWAUKEE ROAD TO CHANGE HANDS

The Great Northern Said to Have Absorbed It and Northern Pacific.

TALK OF A LARGE LOAN

Reported That \$28,000,000 Had Been Placed to Mr. Hill's Credit in New York.

MAY BE LINE IS TO BE LEASED

Chicago, Jan. 5.—The report was current in New York and Chicago yesterday that James J. Hill had perfected finally a combination between the Great Northern railroad of which he is the president and the Chicago, Milwaukee & St. Paul roads.

It was stated that by joining the financial interests with J. Pierpont Morgan and the Rockefellers the Great Northern had practically absorbed the other two, and that with the aid of the Erie or some other eastern line, to be selected later, a transcontinental line under single control would be obtained.

Hill Denies Reported Combine.

Mr. Hill, in an interview last night, said it was not true that the combination referred to had been effected, nor had his company perfected any deals whatever.

"When any deals are perfected in which I may be interested," he said, "the fact will be announced publicly. Until that time arrives any reports of combinations with the Great Northern can be accepted as untrue."

Earlier in the day Mr. Hill made another statement regarding a feature of the alleged combination to the effect that he had secured a loan of \$28,000,000 from the Canada to help along the leasing of the St. Paul by the Great Northern and Northern Pacific.

Earling Sells His Stock.

President Albert J. Earling of the Chicago, Milwaukee & St. Paul road yesterday sold his 20,000 shares of stock in the road. Today Mr. Earling enjoys the distinction of being president and general manager of a company in which he does not own a single share of stock. He has made a profit of \$840,000 on his stock, and does not know whether he is to be retained in an official capacity by the new management.

Earling was not the only big Chicagoan to part with his stock. Marshall Field is reported to have disposed of his stock, amounting to \$3,000,000. Alexander Mitchell estate parted with \$2,000,000 worth, and the heirs of the late George T. Smith are said to have disposed of \$5,000,000 more.

Brought \$152 a Share.

Mr. Earling's stock was sold for \$3,040,000 going at \$152 a share.

The total purchase made by the Hill interests yesterday are reported to have been in excess of \$15,000,000.

Under the lease the general offices of the Great Northern will direct the line from St. Paul and what changes will take place in the consolidated management are impossible to predict.

St. Paul Soars in New York.

New York, Jan. 5.—Unification of the Hill-Rockefeller-Morgan railway properties, the Great Northern, Chicago, Milwaukee & St. Paul, Erie & Northern Pacific is said to be all intents an accepted fact. All Wall street believes the story and in railroad circles those who are well informed do not take the trouble to deny it.

During the day 250,000 shares of St. Paul were traded and the price took a jump up from 145 1/4 to 153 1/4.

Stock Has Steadily Risen.

Within the last few weeks the stock has steadily risen from 110 to the present figure and on December 20 the price was 114 1/4. Such prices and activity cannot be accounted for upon any hypothesis save that of greatly increased revenue in the near future for the St. Paul.

If consolidation is effected the increased revenue will come, as the St. Paul will get all the west bound business from the Erie and all the east-bound business from the Great Northern and Northern Pacific.

ATTACK ON OHIO GIRL

McConnellsville, O., Jan. 5.—Angry farmers living near Hackney threaten to lynch Walter Winstock who after attempting to assault Nellie Morris aged nineteen, while passing through a ravine, last night, cut her throat. Winstock says that he will kill himself if the mob appears. He confessed this morning to premeditation. It is considered that Winstock is a degenerate. It will be strange if Ohio does not witness another lynching before Sunday.

ISSUE \$7,500,000 IN NOTES.

Erie Telephone and Telegraph Company Wants More Money.

Boston, Mass., Jan. 5.—A circular has been issued by the Erie Telephone and Telegraph company announcing that to meet a floating indebtedness of \$6,000,000 coming due within the next eight months, and to provide for necessary improvements, it proposes to issue \$7,500,000 in one-year notes, bearing 5 per cent interest.

It will be necessary for the Telephone, Telegraph and Cable Company of America to part with a large part of its holdings of Erie Telephone and Telegraph stock, which aggregated \$10,000,000.

The present difficulty is said to be due to the fact that during the last summer the rate of dividend was increased from four to five per cent. Interested parties claim that, instead of paying a nincreased dividend, the company should have provided for the payment of its floating indebtedness.

FARMERS OFFEND THE GOVERNMENT

Seventeen Men Arrested on Charge of Cutting Timber on the Oneida Indian Reservation.

Milwaukee, Wis., Jan. 5.—Seventeen well-to-do farmers on the Oneida Indian reservation have been arrested by the United States Marshal, charged with cutting timber belonging to the government valued at \$48,000. At the same time the government is preparing to bring suit against a number of prominent mill owners in the northern part of the state to recover the value of the lumber, which will approximate \$50,000.

TO KEEP CHINESE OUT

Representative Jenkins Introduces a Bill to Extend the Exclusion Act—Limitation Law Expires.

Washington, D. C., Jan. 5.—Representative Jenkins of Wisconsin introduced a bill extending the operations of the Chinese exclusion act today which expires in about a year, and the opinion is expressed in many quarters that it should be extended. The bill offered by Mr. Jenkins is similar to one introduced in the senate by Senator Proctor, but the latter is modified in minor details.

Judge Jenkins expresses the opinion that the law should be extended this session in order to take no risks of possible failure at the next session. A stronger feeling against the admission of Chinamen to this country has arisen since the difficulties in China have attracted the attention of the world to conditions in that country.

METHODIST SORROW OVER NINDE'S DEATH

The Funeral Services Monday Will Be the Most Impressive Ever Held in Detroit.

Detroit, Mich., Jan. 5.—Funeral services of Bishop W. X. Ninde, whose death occurred Wednesday will be held on Monday afternoon in the central Methodist church here. The services will be the most impressive and elaborate ever held in the Methodist church in this state. Many Methodist church dignitaries from other states are expected to be present.

Big Business in Stocks.

New York, Jan. 5.—Today's business on the stock exchange is unsurpassed in this generation. One million one hundred and seventy four thousand and six hundred dollars' worth were disposed of in the half-day session.

Banana sale Saturday. Dedrick Bros. Jumbo Yellow fruit 14c a dozen.

(Continued on Page 3.)

JOHN STRANGE DECLINES OFFICE; GEO. E. BRYANT IN HIS PLACE

The Madison Man Will Be Superintendent of Public Property—Governor-Elect Robert M. La Follette Announces Appointment.

Madison, Wis., Jan. 5.—General Geo. E. Bryant of Madison will be the state superintendent of public property in the place of John Strange of Oshkosh who was offered the position several weeks ago by Governor-elect La Follette.

Mr. Strange has declined the position on account of business affairs which demand his attention and Gov.-elect La Follette last night announced the fact, and the selection of General Bryant. The statement made by Mr. La Follette is as follows:

"Business interests have led Mr. John Strange to decline the appointment to be superintendent of public property tendered him. The position was today tendered to General Geo.

G. Bryant, chairman of the republican state central committee and was accepted by him."

This will be good news to the group of men who are candidates for the adjutant generalship and feared that General Bryant would receive that appointment, although this was only newspaper gossip and Mr. La Follette had never given any intimation that General Bryant had been selected for the adjutant generalship.

In some quarters here it is thought that the adjutant general will be a Milwaukee man, but this again is mere guess work and there is a general belief that General Boardman will continue for the present to fill the office and that an appointment may not be made until well along in the session.

NOTES FROM THE CLUB WOMEN

The unique entertainment given on New Year's day by the city federation of women's clubs of Beloit was a most satisfactory success. They termed it a trip around the world and the number of beautiful homes that were opened for the occasion were decorated to represent the homes of different nations. Very pretty souvenir tickets of brown tied with orange explained the attractions of each stopping place. They were England, where the queen demands an audience; Holland, a land that rides at anchor and is moored, where people do not land but go aboard, with its tobacco smoker, wooden shoes, Delft ware and art gallery India, the Eastern wonderland, with its palms and porroto, idols and carved woods, its Parsee native women and dancing girls with Lady Curzon and Rudyard Kipling ready to smile upon the guests.

China with the mandarin prince, Chang, a Chinese bride in bridal costume and official yamen in attendance and America with the shades of our forefathers smiling amicably upon Pres. McKinley and his cabinet.

Elaborate refreshments, costumes and decorations were in evidence and it was one of the finest social affairs that Beloit has ever known. As it is estimated that about 1,000 tickets were sold at fifty cents each it will be seen that a snug sum was realized for the work of the federation which is mostly toward the improvement in work and surroundings in the schoolroom.

The Athena class met on Wednesday afternoon at their regular meeting place in the Odd Fellows parlors. This club of thirty members are earnestly pursuing the study of English history led by Mrs. Valentine as president, Mrs. Denniston, secretary and Mrs. Palmer, treasurer.

A double course of study was taken during the afternoon, another day's work having been postponed to that occasion, Mrs. Palmer led the first lesson on the Stuart Period. The general character of Charles II was treated by Mrs. Atwood. The religious persecutions of the times by Mrs. Beers. The seizure of New Amsterdam by Mrs. Blair. The treaty of Dover by Mrs. Brand. The political Whig and Torry by Mrs. Burnham.

James II by Mrs. Conger. The Monmouth rebellion by Mrs. Crosssett. Jeffries and his court by Mrs. Denniston and William of Orange by Mrs. Fifield.

The Orange-Stuart period led by Mrs. Reid followed in which Mrs. Hall and Ingersoll presented thoughtful papers. Mrs. Judd spoke of the bill of rights, and Mrs. Mayne of the bank of England which she characterized as "the Pivot of the World." Mrs. Loomis, Mills and Sutherland each contributed articles on the events of the period while Mrs. Denniston spoke of the coffee houses and Mrs. Palmer of the architecture of the times. The afternoon program was crowded with interesting facts.

The Moma'n 2 THMTHHTTMMH The woman's history class met Tuesday at their rooms in the Odd Fellows hall. The subject of their Antarctic oceans.

Welcome is extended to the new history club founded a fortnight ago at the home of Mrs. Jenkins, with a membership limited to twenty ladies. Mrs. Roberts is president, Mrs. Murdoch, secretary and Mrs. Myhr, treasurer. They are to study U. S. history.

The Art League met Thursday afternoon at the home of Mrs. Capelle who is the leader of the art section and who presided at the meeting. Miss Ida Harris secretary. Mrs. Woods substituted for Mrs. Clark with an article on Botticelli the painter of beautiful melancholy madonnas, who died in utter poverty though jovial and genial to the last.

Mrs. Capelle presented Ghirlandajo the teacher of Angelo, whose mosaics were made for eternity.

Filippini Lippi was the subject of Mrs. Burr's paper. He was recognized in his own day as a leader and authority on art subjects.

Credi was treated of Mrs. Brewer as a fine artist but better man who painted holy families with gentle saints in the background.

Current events were discussed after the regular program ranging from cartoons to calendars and touching on the modern club incidentally. The next meeting is to be held with Mrs. Ashcraft on next Friday.

day topic, "God." Sunday school, 12 m.

Presbyterian church—J. T. Henderson, pastor. Morning worship, 10:30. Preaching by the pastor. Subject: "Inspiring Service." Evening worship, 7:00, the pastor preaching. Subject: "New Year's Reflections." Sabbath school 12 m. I. F. Wortendyke, superintendent. Junior Endeavor, 3:30. Miss Ethel Fisher, Supt. Y. P. S. C. E., 6:00. This church will hold services each evening this week at 7:30. Everybody welcome to all the services.

Some Social Events.

Miss Josephine Treat entertained the "Los Doce" club at her home on South Main street last evening. The time was pleasantly spent in playing various games and dancing. In the guessing games Phil Cassford won first prize and Miss Ameha Servatius the booty. Light refreshments were served and enjoyed by all. The next meeting of the club will be held at the home of Miss Elsie Patners.

About forty couples, members of the married folks dancing club enjoyed another of their pleasing dances last evening at East Side Odd Fellows' hall. Smith's orchestra furnished the music for the occasion and the time until twelve o'clock slipped away. No more enjoyable parties are given in this city than those of this club.

The officers for 1901 of the Rock River encampment, No. 3, I. O. O. F., were installed last evening. C. W. Schwartz, D.D. G. P., acted as installing officer.

The members of the Bower City Verin, No. 31, met at their rooms in the West Side Odd Fellows' hall last evening and installed the officers elected for the ensuing year. Otto Jaekel acted as installing officer and performed the work to the satisfaction of all present. After the installation the members and their families enjoyed a bounteous luncheon.

The local union held a most enjoyable meeting last evening in the parlors of the Baptist church. It being the annual meeting an excellent program had been prepared and was fully carried out. Representatives of the different church societies were present and took part in the exercises. The refreshments were served by the gentlemen members of the union.

Notice To Stock Holders.

The annual meeting of the Citizens' Mutual Fire Insurance company will be held at the office of the Janesville Clothing company on Monday evening, January 14, 1901 at 7:30 o'clock for the submission of the annual reports of its officers. The election of directors and the transaction of such other business as may come before the meeting. By order of the president,

W. G. PALMER, Secretary.

Dissolution Notice.

The co partnership heretofore existing between Morley & Snyder is this day dissolved by mutual consent. F. H. Snyder will continue the insurance and local real estate business of the firm, and E. B. Morley will devote his entire attention to Northern Wisconsin lands for the Central Land Co.

E. B. MORLEY,
F. H. SNYDER.

January 2, 1901.

SCENE FROM "AN AMERICAN GENTLEMAN."

Hoyt's merriest farce, "A Hole in the Ground," with the strongest and best cast ever seen in a Hoyt comedy, including Charles Cowles, Nettie de Coursey, Barry Maxwell, Frank Young, the Trans-Atlantic Comedy Four, India Palmer, Young and De Vole, Anna Clay, Dorothy Alden and twenty other prominent artists will be seen at the Myers Grand next Monday evening.

Mr. Hoyt conceived the idea of this clever satire at a small railway station in Vermont where he had missed a train connection because of a wash-out on a branch line. The characters of the play are counterparts of the originals with whom he came in contact during this enforced stay at the station. Possibly the best character in the play is that of the "Stranger," an eccentric individual, whose anomalous tendencies are expected to be an overly officious station agent, a typical baggage "smasher," a tramp base ball umpire, a pier lunch counter girl, a number of commercial travelers, and the usual mixed assemblage found at places of this kind.

The methods employed by this multitude to pass the time are as humorous as they are unique, and we assume that Mr. Hoyt's ability at sat-

irizing is as distinctly apparent in his "A Hole in the Ground" as in any of his other successes, consequently it is safe to predict that there will be no occasion for tears during the two and one-half hours consumed in presenting the piece to our playgoers.

One of the admittedly superior attractions of the season, "An American Gentleman," will be seen at the Myers Grand on Wednesday, Jan. 9, and is certain to attract our very best theatre-goers, for it introduces two New York favorites in Mr. William Bonelli and Miss Rose Stahl. The play is melodramatic, but carries with it a delicate vein of pathos as well as deft touches of comedy, while a delightful love story is carefully interwoven, the combination resulting in a highly interesting plot which develops from the moment the curtain rises and continues in its intensity until the happy climax is reached. A word must be said about the scenery and costumes, for both are elaborate and were especially produced for this attraction, and the result is numerous, novel and handsome effects, the most startling perhaps being a beautiful view of a gypsy camp in the woods.

TWENTIETH CENTURY GOSPEL CAMPAIGN

EVANGELISTIC CAMPAIGN COM. PRISES WHOLE NATION.

Movement Planned by Many of the Representative Religious Leaders of the Country—First Step is a Week of Prayer at the Opening of the Century.

An inter-denominational movement to celebrate the beginning of the twentieth century by a strong, sympathetic effort to evangelize the nation through the medium of existing churches and church societies is on foot. Such is in effect, the motive of what is probably the most far-reaching religious movement ever inaugurated.

It is a plan backed by leading representatives of nearly every prominent Christian denomination and religious society in the United States. These leaders have united in an appeal to the people of America to join, in their respective cities and towns, in a week of prayer the opening week of the century.

An Appeal Being Sent Out.

An appeal is being sent to the Christian ministers of the nation explaining to them the object of this new plan and asking their co-operation.

But this opening week of prayer is but the first step in the plan to evangelize this whole nation. Creeds are put in the background, and men of every denomination unite in the common cause of promoting the effectiveness of existing church agencies.

It is probably the longest step ever taken in attaining inter-denominational co-operation.

No spasmodic revival is planned. No hippodrome spectacles are contemplated, but it is hoped that by the leadership of a committee constituted of trusted representatives of every denomination all churches can be helped.

It is a unique plan. It is one which has been hailed with extreme enthusiasm by those to whom it has been explained. It is one which has enlisted the foremost religious leaders of the country.

Suggested By Moody.

It is not inaccurate to say that this new religious movement of such gigantic proportions was first suggested by the late Evangelist D. L. Moody. The idea occurred about the same time to William Phillips Hall, the business man evangelist, who is chairman of the present movement.

It was for many years before his death the ardent hope of Mr. Moody that the opening of the new century might be the occasion for a great religious awakening.

Event in Religious History.

This movement is regarded as the first occasion in history when men of all denominations and church societies have united in an inter-denominational movement to promote the effectiveness of all churches in an entire nation.

The cardinal principles upon which the entire plan is to be conducted are comprised in the following:

1. The movement is to be directed by representative ministers and laymen of each of the Christian churches, and by leading representatives of each of the Christian societies. Their effort will be a union movement effected by such persons as individual Christians and not as official representatives of their respective churches and societies.
2. The movement will have but one object in view—the simple preaching of and the witnessing to Christ and Him crucified, for the regeneration of the unsaved and the sanctification of believers.
3. It is to be a movement founded upon the Bible, viewed as the inspired Word of God and upon the evangelical basis.
4. By common consent all doctrinal controversy is to be barred from the movement.
5. The entire movement is to be carried on by the churches and Christian societies.

Half rates to Madison by C. M. & St. Paul R'y on Jan. 6 and 7, good to return until January 12, account of inauguration of Governor-Elect R. M. La Follette.

Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

The thing to do is to help the system discharge the humors, and to strengthen it against their return.

Hood's Sarsaparilla permanently cured J. G. Hines, Franks, Ill., of eczema, from which he had suffered for some time; and Miss Alvina Walter, Box 212, Algona, Wis., of pimples on her face and back and chafed skin on her body, by which she had been greatly troubled. There are more testimonials in favor of this great medicine than can be published.

Hood's Sarsaparilla

Promises to cure and keeps the promise. No longer put off treatment. Buy a bottle of Hood's today.

Baker's Breakfast Cocoa

Always uniform in quality, absolutely pure, delicious and nutritious.

The genuine goods bear our trade-mark on every package.

WALTER BAKER & CO. Ltd.,
Established 1780. DORCHESTER, MASS.

DAIRY PRODUCT OF WISCONSIN

(Continued From Page 1.)

90 per cent. of our creameries are co-operative to a greater or less degree. The almost universal use of the separator and the Babcock test has given to the creamery patron an assurance that his milk will be paid for upon the basis of the butter fat that it contains, and that all of the butter fat will be extracted from the milk, except an insignificant portion.

Little Milk Adulteration.
The creamery business is seriously injured in some localities by the establishment of more creameries than the milk supply will warrant. As a rule, the larger the creamery, the smaller the cost of manufacture. Where competition is close and keen, a form of dishonesty is engendered and encouraged, which consists in making unduly high readings of oil tests, for the purpose of drawing patronage from competitors. There is a marked diminution in the amount of milk adulteration, because cities are adopting and enforcing more stringent milk ordinances. Local boards of health are exercising more vigilant supervision over the milk supply of their communities. These causes and the work of this department have combined to give the people a larger proportion of pure milk and cream.

Still More Cheese Factories.
The state has nearly twice as many cheese factories as creameries. They average much less in cost and in patronage. All that can be said about cleanliness, attractiveness and business methods, as well as competition, of creameries, applies to cheese factories. The cheese industry of the state is being greatly helped by the work of instruction done by the State Dairymen's association, which has two expert instructors in the field during the cheese-making season. The industry has been greatly stimulated by the high prices of the last two years. The factories are rapidly coming into line in the matter of buying their milk upon the basis of the Babcock test and one great beneficial effect of this is to encourage the breeding of cows that give a maximum of butter fat in their milk and a minimum of water.

Badger Cheese in Demand.
The cheese of Wisconsin is regaining its old reputation in the markets that it had before the filled cheese blight fell upon it. Its best grade is not outclassed by either the cheese of New York or Canada. When the cheese factories that are unclean and marked by slovenly management, that sell green cheese in their idiotic eagerness for immediate returns, are wiped off the map of the state, Wisconsin cheese will be wanted in every domestic and foreign market.

Green County Swiss Cheese.
The development of Swiss cheese manufactured in the county of Green in particular, and in adjoining counties, has been remarkable. Green county sold last year \$1,200,000 worth of Swiss, Limburger and other special forms of cheese. The growing reputation of this product has resulted in an almost unlimited demand. The Swiss emigrants, who brought from their native mountains to Southern Wisconsin little capital, but honesty, industry and a knowledge of agriculture, as they knew it at home, laid solidly the foundations of one of the most profitable industries of the state.

MILTON JUNCTION.

Milton Junction, Dec. 4.—Mrs. Harry Hinton died, after a very painful illness, Thursday night. The funeral will be held from the Advent church Saturday afternoon. Mrs. Hinton leaves a husband and three children to mourn her loss.

Hon. S. C. Carr started on a trip to California Thursday night. He expects to be absent all winter.

Fred Church, who formerly resided in our town, is dangerously ill at the home of his brother, north of Milton.

Mr. and Mrs. Sam Shadle and children, of Vilas, are visiting relatives and friends in this vicinity.

Mrs. Harriet Dutton, of Leanderville, N. Y., will spend the winter in this vicinity.

Mr. and Mrs. Elmer Barnes have a brand new baby boy at their home.

Mrs. Dunham Frink has been visiting her daughter in Chicago.

The I. O. G. T. held a watch social New Year's eve.

Numerous family parties celebrated the New Year together.

Mrs. Hannah Burdick spent the holidays with her brother in Chicago.

Mamie Coon spent Saturday and Sunday with her brother, Fay, at Madison, the present week.

Mrs. B. T. Peckham has been very sick.

Mrs. Abbie Hills, of Washington, D. C., has been visiting Mrs. Mary I. Babcock the past two weeks.

The annual church and society meeting of the S. D. B. church takes place next Sabbath.

Hal. Burdick and wife visited at Watertown at the home of Mrs. Burdick's parents, from Saturday until Tuesday.

Mrs. Ella Tickner and daughter, of Blanchardville, visited friends here during the holiday week.

Ray Bassett is reported as very sick.

There is a good deal of sickness around town.

Miss Nellie Butts of Janesville,

visited Miss May Thorpe, of this place the past week.

Rev. S. S. Perry, of Minnesota, visited his mother, "Grandma" Perry the past week.

Mrs. Friday, of McMillan, this state, has been visiting her parents, Mr. and Mrs. B. Keith.

Ezra Goodrich is not recovering as fast as could be wished for. The broken bone in his joint is not knitting together very well.

HOAG'S CORNERS.

Harmony, Jan. 4.—The new year came in with Jack Frost in high glee. Eighteen, fourteen and four degrees below zero for three days gone by. Lena Martin of Milton Junction, is visiting friends in this vicinity. Dr. Brown of Janesville, made a visit in this vicinity on Sunday afternoon.

Miss Ella Stewart returns to her school duties on next Monday.

Miss Edna Cole commenced her duties in district No. 7, Jan. 2nd.

Mrs. Ida Wood spent the holidays with her mother, Mrs. O. A. Stevens. She was also a welcome caller on her old neighbors.

Mr. and Mrs. Myron Webb and son returned to their home in Beloit Monday.

Rules for Bowlers.

Of making bowling maxims there is no end, and every roller of experience is at all times ready to deal out advice to the beginner. Here is a bunch just promulgated by Fred Worden:

Rule 1—Never roll the ball with your feet.

Rule 2—If you step over the foul line and the umpire calls foul give him the cold eye.

Rule 3—If you happen to get a strike on a foul console yourself and friends at the end of the game by continually referring to it.

Rule 4—A break is always caused by hard luck, never by poor rolling.

Rule 5—If a player is not rolling very well the rest of the team, excepting the captain, must take him aside and tell him he is rank.

Rule 6—Tell him to hit the head pin; he has probably forgotten that it is proper to do so.

Rule 7—If the pins do not all go down every time the first ball is rolled look surprised and say, "Well, I'll be —," for something is wrong with the pins.

Rule 8—If your team does not win away from home tell all your friends the next day that the alleys were the rankest you ever bowled on.

Rule 9—If the dead easy team happens to bury you in a match game try and forget if you can that you said you wouldn't do a thing to that team before the game.

Rule 10—The following is high standard in bowling:

X X X X X X X X X X X X
30 60 90 120 150 180 210 240 270 300

To which might be added:

Don't miss the pins to save the pin-boy work; he never gets tired.

Genuine Rocky Mountain Tea is never sold in bulk by peddlers for less than 35 cents. Don't be fooled; get the tea made famous by the Madison Medicine Co. Smith's Pharmacy, kodak agents, next to postoffice.

MAY HAVE BEEN KIDNAPED.

Daughter of a New York Man Mysteriously Missing.

New York, Jan. 5.—William L. Radford, a real estate dealer of prominence, reported at the bureau of information early this morning that he had reason to believe that his 16-year-old daughter Mary may have been kidnaped. The girl was slightly ill and was to have met her father at noon yesterday at the 6th avenue elevated railroad station at 33d street. He was to have accompanied her to his physician's. She did not keep the appointment. He waited for three hours vainly and then went home. There he was told that Mary had left the house in time to keep the appointment at noon, and that nothing more was known of her.

More Locomotives for Zion.

London, Jan. 5.—The Allan line steamer Tunisian, which has sailed from Liverpool for Halifax and Portland, Me., has on board fifty locomotives bound for Zion City.

A TRYING POSITION

Janesville Readers Will Appreciate This Advice.

A constant itching tries your patience. Nothing so annoying. Nothing so irritating as itching piles or eczema. To scratch the irritation makes it worse, to leave it alone means misery. Some citizens can tell you how to be free from these troubles. Read the following:

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says: "I tried about everything recommended for it, but found nothing to give me relief until I struck Doan's Ointment at the People's drug store. I had an affection of the skin on my face caused from the burning oil about the engine and dynamo. My face itched and annoyed me, and rubbing it only made it worse and made it sore. I could hardly stand shaving, for the skin broke and bled. A few applications of Doan's Ointment removed the itchiness and healed up my face in a few days. I would not be without this remedy in my house, and I certainly recommend it to others in need of such a preparation."

Sold for 30 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for U. S.

CULTIVATING HAPPINESS.

"John, what's the matter? You look as though you'd lost your best friend."

"Oh, nothing much."

"Well, it may not be much, but what is it?"

"Well, I've just been over the farm and if we don't have rain soon the crops will be a failure. Ain't that enough to make a man blue?"

"Yes, perhaps, but I wouldn't go around looking like a grave yard. The good Lord will send the rain in time, and if he don't, we won't starve."

"That's all right, Mary, but I can't be happy under the circumstances, or very cheerful either. The Lord is a good provider, but He expects us to do our share."

"Our share of what—worry? That won't bring any rain or raise even a cloud, except that cloud on your face."

And Mary, the good wife, went over to his chair, and laying a loving hand on his shoulder, said, "Don't worry, John, it never helps matters, and only makes life harder for you and the rest of us."

Mary expressed a great truth, but

easier to express than to practice. Life

is so full of misery and uncertainty,

that many people find it almost im-

possible to meet the problems without

worrying, and yet it is true that a worry

never lightened a burden or

brought a ray of sunshine to a weary

heart.

The animal kingdom, so thickly

populated all about us, with life of

greater or less intelligence, is a

kingdom of contentment and happi-

ness, and while life and comfort is

just as uncertain in this kingdom, as

in the realm that man inhabits, yet

it is almost free from worry and al-

most universally happy. Bird life is

a life of song and glad thanksgiving.

Animal life in the forest, is a free and

happy life. In the domestic circle

of animal life, care and food insure

contented existence, while a little at-

tention calls forth expressions of ap-

preciation. Speak to an intelligent

dog with a kindly voice and his eyes

beam with pleasure and he is alert

to do your bidding. An intelligent

horse obeys the word of pleasant

command cheerfully, entering into the

spirit of a race with almost human

enthusiasm.

If it is natural to meet the condi-

tions of life, bravely and contentedly,

as they are met in this lower kingdom

of animal intelligence, it ought to be

natural to meet the more complex

conditions in the higher kingdom of

human existence in some thing of the

same spirit. And yet it is the lot of

many men and women to worry

through a short life and out of it, into

an early grave. People are constantly

crossing streams before they get

to them, and wondering if the

bridge is safe.

Some men are constantly worrying

about their business, forgetting the

fact that the energy invested in the

worry, if invested in "push" would in-

sure success. Others worry about

their health until they become dys-

peptic, nervous invalids, and go out

of life twenty years ahead of time.

You can have any kind of a disease

you want without inheriting it. Just

cultivate it carefully with a good

wholesome worry, and you can't es-

cape it.

Some women worry about their

neighbors, and their neighbors' chil-

dren; they don't have trouble enough

of their own, and so they attempt to

carry all there is in sight, both real

and imaginary, forgetting that the

load is too heavy for one small wo-

man. There are some women that

are struggling under such burdens of

this class of worries, that they get

round shouldered and dwarfed, both

in mind and body before they reach

middle life.

Others worry about the heathen, the

army canteen, the sins of national

life, until they develop into what is

known as the new woman, and the

home, where she ought to preside,

grows up to weeds, with a neglected

husband as the center of attraction,

and a brood of young American

heathen at large, that could distance

the native in a handicapped race.

There are some things in this world

that should be cultivated, and the com-

ment of the new century is a

good time to begin.

One of them is happiness, born of

contentment. Every home should be

a happy home and may be if the spir-

it of contentment takes full posses-

sion of it. The home may be humble,

but that does not deprive it of happi-

ness. If every member of it, is loy-

al to it, there will be no cloud of

worry or discontent to mar the peace

and satisfaction that is found in ev-

ery ideal home. Making the best

of life and doing good as opportunity

presents is a standard that admits of

no worry and insures happiness in

every home.

Every life should be a happy life,

and may be if controlled by a purpose

to work out a destiny cheerfully, mak-

ing the best of surroundings and work-

ing faithfully to improve them.

An all-wise Father never intended

His creatures to worry. He doesn't compel them not to, any more than He compels them not to sin. He lets them do just as they please in regard to either, but in this intelligent land and generation, He makes the way of right and happiness so attractive, that both should be adopted as a matter of appreciative choice.

The year 1901 should be a happy year for the people of this happy land, and may be if we, the people, will.

A GOOD MAN RETIRES.

Governor Scofield retires from office at noon on Monday, with a record of which he may well be proud. His administration has been clean and wholesome, and the same thorough business methods that have won him success in the business world have placed the state on a sound financial basis.

He has been frank and open in every movement that he has made, and the men who did not agree with him have not accused him of duplicity. His public utterances have been fearless, and while some of them have not been heartily endorsed, he has always been credited with honesty of conviction and purpose.

Governor Scofield is a positive man, and they are the only kind of men in this world that amount to anything. He possessed the courage to veto vicious legislation, giving reason for his acts, that were so clear and comprehensive that public opinion endorsed his position.

He retires to private life with a character unblemished, and with the reputation of having given the state four years of faithful and intelligent service. His many friends throughout the state will wish him God speed and continued success.

Apron Lace.

Make a chain of 24 stitches, says The Ladies' World in giving this useful lace pattern:

First.—Shell in third stitch of chain. Chain 3, fasten by slip stitch in seventh stitch of chain. Chain 3, shell in tenth stitch. Chain 7, shell in seventh stitch. Chain 3, fasten by slip stitch in twenty-first stitch of chain. Chain 3, shell in twenty-fourth stitch.

Second.—Chain 3, shell in shell. Chain 7, shell in shell, double in each stitch of chain 7, shell in shell. Chain 7, shell in shell.

Third.—Chain 3, shell in shell. Chain 3, fasten by slip stitch in fourth stitch of chain. Chain 3, shell in shell. Chain 7, shell in shell. Chain 3, fasten by slip stitch in fourth stitch of chain. Chain 3, shell in shell.

Fourth.—Same as second row.

Fifth.—Same as third row after the last shell is made. Chain 5, fasten to the shell on fourth row. Turn and double crochet into the chain thus made 16 times.

Sixth.—Fifth row second row.

Seventh.—Same as third row until scallop is reached, double between first and second doubles of previous row. Chain 1, double crochet again between second and third, and so on around, then turn double crochet in first open space. Chain 3, double crochet in next around again.

Eighth.—Same as second row.

Ninth.—Same as third row in scallop, shell in each open space, shell in shell back again.

Tenth.—Same as second row.

This completes one scallop.

Pot Cheese. Graham Bread.
Cafe Noir.

EGGS A LA CREME.—Boil half a dozen eggs 15 minutes. Shell and cut crosswise in halves. Slice a little from the bottom to make them stand. Place one tablespoonful of butter into a saucepan and stir into it one tablespoonful of flour. Whisk perfectly smooth, add one cupful of milk and stir constantly until it boils. Season with salt and pepper. Arrange the eggs on a platter and pour the sauce around them.

Explosion Kills Three Men.

Philadelphia, Jan. 5.—A terrific explosion occurred about noon today in the "tawning" building of the Repauno Chemical company's powder works at Thompson's Point, N. J. Three men are reported to have been instantly killed by the explosion, the force of which was felt for many miles around. Thompson's Point is on the Delaware river, about twenty miles below this city.

WAITING FOR THE CANNING FACTORY

SUBSCRIBERS TO THE BONUS
WANT TO KNOW ABOUT IT.

It is claimed That One of the Promoters of the Enterprise is Sick, and the Other Has Gone East—May Have Had a More Advantageous Offer Elsewhere.

What has become of the canning factory? This is the question that is being propounded by a large number of the subscribers to that enterprise. When the matter first came up the promoters were anxious to get an immediate answer to their proposition and the matter was rushed to completion. Now that the money is practically all subscribed the promoters do not seem to be in so much of a hurry to complete their part of the deal.

It is claimed by those who are the head ones in securing this industry that one of the promoters is sick and that the other is away in the east on a visit and that as soon as they are able they will visit the city and close the matter up.

It took considerable hard work on the part of the committees to get this matter into its present shape and they are anxious to know what is to be the outcome. The people in charge of the subscriptions have been in a position for some time to hear what the promoters thought of doing and are ready at any time to carry out their share of the plan.

It may be that a more advantageous offer has been made to these gentlemen by some other city and that they are now investigating it to see where would be the best location. The men in charge of this work are not in it for their health and a bonus of a few thousand more than Janesville has offered might cause them to change their plans.

COL. W. J. BOYLE FOR ADJ. GENERAL

The Milwaukee Railroad Man Being
Pushed by La Follette Men to
Head the State Guard.

Madison, Jan. 5.—It is stated that Governor La Follette will not announce the name of the new adjutant general when he takes his seat, but will defer that matter until a later date, General Boardman holding over for the time being.

A new name has been presented for the governor's consideration, Colonel W. J. Boyle is the man that many friends of Governor La Follette would like to see at the head of the troops of the state.

Colonel Boyle, who is the city passenger and ticket agent of the St. Paul road, has been on the staff of Governors Peck, Upham and Scofield, and each executive has found him a good man to lean upon.

Y. M. C. A. MECHANICAL DRAWING CLASS

Organized Last Night with Ten Mem-
bers Under E. H. Heyman—
More Members Expected.

Ten eager, keen eyed young men met last evening in the Y. M. C. A. building to organize a class in mechanical drawing under E. M. Hyleman of the Janesville Machine company. Mr. Hyleman with his cap on the back on his head and a pencil between his teeth looked as little like the regulation drawing man as can be imagined, but in spite of his total lack of pretense he did not fail to impress his pupils with his complete grasp of the subject, and in addition of a practical knowledge of the best adaptation of means to ends.

What the young men wanted was the short cut to efficiency, and this is what Mr. Hyleman proposes to teach without burdening them with a lot of technical knowledge which would only hamper and obstruct. Pencil, paper and a two-foot rule seemed to be all of the tools necessary for the work.

The plan suggested was at the next meeting to take some simple piece of machinery and draw it, explaining obscurities as the work progressed. The drawing as stated by the instructor was to get the general outline and the relation of parts. The figures were the only reliable guides. The aim of the drawing is to minimize the labor and expense in the foundry and machine shop. It simply directs the most direct route to the desired end. Additional numbers are expected at the next meeting.

LATE TELEGRAPHIC NEWS..

SOME SECTIONAL FEELING.

Southern Representatives Make
Passionate Speeches

ON SUFFRAGE QUALIFICATIONS.

Army Bill Discussed in the Senate—The Philippine Question Thrashed Over at Great Length—Frank H. Parsons Favors Government Ownership.

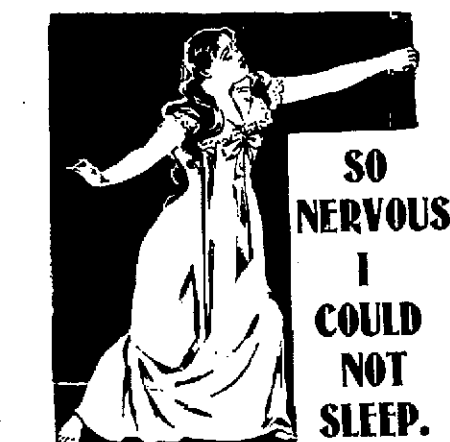

Washington, D. C., Jan. 5.—Passionate speeches were delivered in the house by several southern representatives against the Olmstead resolution, which they pronounced an attempt to revive sectional feeling. During the discussion it developed that there is no state in the union that does not violate the fourteenth amendment to the constitution by imposing some suffrage qualification in addition to that specified by congress as entitling a citizen to vote. After reference of the Olmstead resolution to the census committee the house took up the reapportionment bill. Mr. Hopkins sought to secure by unanimous consent an agreement for a general debate until next Tuesday at 2 o'clock, but Representative Mann of Chicago, in the absence of Representative Crumpacker (Ind.), who he thought should be present when an agreement was reached, objected. It is expected, however, that the house will pass a reapportionment bill next Tuesday.

Army Bill in the Senate.
For five hours the senate discussed the army reorganization bill. The debate took a wide range at times, but was confined principally to the question of the necessity for the increase in the regular army provided for in the pending measure. The Philippine question was thrashed over at great length, but few really new points were advanced. It was urged by the supporters of the army bill that the situation in the Philippines demanded the increase of the army proposed. This was controverted by the opposition senators, who, while they were willing in a general way to provide for such temporary force as might be needed, were vigorously opposed to the creation of a permanent standing army of 100,000 men.

Speeches were made by Carter (Mont.), Teller (Col.), Hoar (Mass.), Stewart (Nev.) and Caffery (La.). One of the sharpest colloquies of the session was between Mr. Carter and Mr. Wellington (Md.), and in the course of it the Alaskan boundary dispute was brought forward prominently, the Maryland senator charging that the president had relinquished sovereignty over territory the title to which he maintained was vested clearly in the United States. Mr. Hoar advanced a proposition to create a commission to be composed of all shades of political opinion to investigate the entire Philippine question and report its findings to congress in order that a basis might be formed for intelligent action. Some slight progress was made toward the completion of the pending measure.

Promotion for Col. Campbell.
The president sent to the senate the nomination of Lieut.-Col. James R. Campbell of McLeansboro, now with the 30th infantry, to be a brigadier-general. Col. Campbell at the outbreak of the Spanish war was a member of congress from the 20th Illinois district.

Favors Government Ownership.
The industrial commission resumed its hearings here. Prof. Frank H. Parsons of Boston talked upon government ownership of railroads. He said that by such ownership the public interest was subserved and the many discriminations existing because of private ownership would be obliterated. He said that while there had been reduction in through rates, there had scarcely been any reduction in local rates in the last thirty years. He discussed the telegraph and telephone on the same lines.

When there is disease of the delicate female organism, it is only a question of time until the general health becomes undermined. Nervousness, sleeplessness, loss of appetite and "sinking spells" produce suffering almost indescribable. There can be no restoration of the general health until the local health of the womanly organism is re-established. Dr. Pierce's Favorite Prescription establishes regularity, dries offensive discharges, heals inflammation and ulceration and cures female weakness. It encourages the appetite, tranquilizes the nerves and induces refreshing sleep. "You would be surprised if you could have seen me when I commenced taking Dr. Pierce's medicine and could see me now," writes Mrs. S. Harris, of Gayville, Vanhook Co., So. Dakota. "I had no appetite, was completely run down. Have had stomach trouble for years and was so nervous I could not sleep. We have spent a lot of money doctoring, but there was not one thing that I took that did me any good, except for a short time. I commenced taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' In three days after I commenced taking his medicines I could see a change for the better, and from that time I have steadily been getting better. Can walk or ride to any place I want to, and I feel like a new person. Since taking Dr. Pierce's medicines I can sleep all night and never get up tired in the morning; can eat anything and it don't hurt me."

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

MAY HAVE TO WHIP VENEZUELA.

United States in Danger of Imbroglio Over an Asphalt Concession.

Washington, D. C., Jan. 5.—Apprehension is felt in official circles that the controversy which has arisen over asphalt-lake concessions in Venezuela may require the United States forcibly to intervene. It may be stated on the highest authority that the president has no intention of interfering between the rival claimants to the concessions of their property until a judicial decision has been rendered in support of this action. In case of an armed conflict the United States will have to act, and it is in anticipation of this contingency that three warships were ordered to La Guayra. The navy department received a cablegram from Commander Sargent of the Scorpion, announcing the arrival of that ship at La Guayra, Venezuela.

China Pays in "Raised" Notes.

Shanghai, Jan. 5.—China is again convicted of duplicity in dealing with the foreigners. Recently the Chinese government paid to the foreign consuls here sums of money for indemnity for the missions destroyed by the Boxers at She-Klung. It has been ascertained that many of the banknotes had been "raised." Five pound notes were converted into fifteen pound notes and ten pound notes raised to 100.

Quick Freeze Catches Swans.

Berlin, Jan. 5.—It is zero weather here. The spree was frozen over so suddenly that the ice inclosed thirteen of the city's swans and the fire department was called out to release them.

May Need Drastic Action.

Washington, Jan. 5.—The auditing officers of the treasury have been engaged for some time in an effort to secure from United States Consul Radcliffe H. Ford at Yarmouth, N. S., a satisfactory explanation of certain disbursements made by him on account of the relief of distressed American sailors, but so far without result. The office has been investigated by the nearest consul general, and unless some accounting is rendered for the items referred to the case will be reported to the state department as one requiring drastic action. Consul Ford is a native

To Protect Working People.

Vienna, Jan. 5.—Arrangements for the formation of an international association for the protection of working people have been practically completed. A central bureau will shortly be opened in Bern, Switzerland, with affiliated branches in the different industrial countries. Such branches have already been formed in Austria and Germany and others are being formed in France, Italy and Belgium. The association proposes to work in the direction of harmonizing the just demands of labor with the development of legislation for the benefit of the working classes.

Internal Machine by Mail.

Paris, Ill., Jan. 5.—Justice of the Peace Thomas J. Coffman, who is also an attorney and collecting agent at Hume, a small town in the northwest part of Edgar county, received an infernal machine containing a pound stick of dynamite through the mails this morning. That he, together with John Sheets and Will Brouck Jones, two farmers, were not blown to atoms seems like an interposition of Providence. The machine is exactly similar to the one received by Attorney Coffey of Charleston recently.

Plague Victims Die Fast.

London, Jan. 5.—The reports of an outbreak of the plague at Vladivostok are confirmed. There have been nineteen cases, of which fifteen were fatal. Four plague patients are still in the hospital and numbers are isolated. Owing to a recrudescence of the plague at Symrna a quarantine has been imposed by Turkey and Greece on arrivals from that port.

Land for a Coaling Station.

Providence, R. I., Jan. 5.—The senate has passed a bill for the formal transfer by the state of the land picked out by the Belknap board in 1898 for a coaling station for the national government at Portsmouth Grove, Narragansett Bay. The naval base is important owing to its proximity to the Newport station.

Heavy Fire Losses in 1900.

New York, Jan. 5.—The Journal of Commerce says fire underwriters suffered terribly during 1900. The aggregate fire loss of the United States and Canada during the year, as compiled from carefully kept records, was \$163,363,250. The total losses for 1899 were \$119,650,500 and for 1898 \$136,773,200.

Henry Clews, in newspaper article, declared that the Standard Oil combination controls affairs in Wall street.

Chicago, Jan. 5.—Reversible life is the latest discovery of Professor Jacques Loeb, the experimental physiologist of the University of Chicago. He has just published a pamphlet describing a discovery that he has made showing that in developing eggs and other forms of life he can reverse the processes of life—that is, he can take the animal after it has reached a certain stage of growth and is in certain physical processes and by changing its environment reverse its growth.

Dr. Loeb says that nature has shown him that there is a critical point in the development of a mature egg, when death can be avoided. As the development of an egg is comparable and similar to the growth and development of man, why is there not a critical point in the life of man when the processes of senility may be reversed and death avoided? "Who can tell?" said Dr. Loeb, "what application this may have to human life when it is worked out more fully in the future?" In the American Journal of Physiology of Jan. 1, 1901, in which Dr. Loeb describes his experiments with the polyp and egg in regard to reversible development, he says:

"We generally consider development as a process which can only occur in one direction, or, in other words, is irreversible. But that is apparently not generally the case. I have found that the morphogenetic process, or process which brings on old age and death, in hydroids is reversible. Here is an example: Campanularia is brought in contact with a solid body and it is transformed into undifferentiated matter and later into a stolon. If the same organ is brought into contact with sea water it gives rise to a polyp again. The same may be done with margels and other hydroids. In antenularia a change in the orientation of a branch with polyps will bring about the transformation of this material into a stolon. It will be the task to determine how far in the animal kingdom the development processes are found to be reversible. It is obvious that in a form which a reversible development death will not necessarily follow a certain stage of development corresponding to senility in man.

Death May Be Prevented.
"It is not impossible that natural death is comparable to the situation which is present in the mature egg after it leaves the ovary. Nature has shown us the way by which at this critical point death can be avoided in the case of the egg. What may nature not show us in the case of man?"

Providing Professor Loeb's theories are worked out as lovers of longevity would have them, men will be able to live along at a fast clip, giving no heed to the abnormal physical processes which are bringing on senility until they reach the certain mysterious critical point in life. At this point they must have an expert prescribe a new environment for them and prescribe new foods of reversing the processes of life development. Then the man will grow backward and if the process continued long enough he would be a babe in the cradle again in time.

ATTACK CLOSE TO MANILA.

Many Filipino Officers Captured at Cavite Viejo.

Washington, D. C., Jan. 5.—The following dispatch was received at the navy department from Admiral Remy at Manila: "An attack on the morning of Jan. 3 by the Fourth infantry, marines, and navy at Cavite Viejo resulted in the capture of one lieutenant colonel, two majors, five captains, one lieutenant, forty-eight private insurgents, and four ladrones."

Many Captures Reported.

Manila, Jan. 5.—Generals Wheaton and Bates report many small captures, the destruction of insurgent camps, and the seizure of supplies, animals, and other necessities. Among the captures, in Smith's district, was Colonel Techon, the insurgent Governor of Tarlac. General Grant is personally in command of a mounted expedition in the mountains of Southern Pampanga, which, he says, is the only locality where the insurgents are in force in his district. Insurgents entered Capan and San Isidro, in General Funston's district, during the night, and burned a score of houses. Their firing was ineffective. General MacArthur has commuted several death sentences of military com's to imprisonment.

Cook's Duchess Tablets.

Are successfully used by over 10,000 ladies. Are prepared by an old and experienced physician. Ladies ask your druggist for Cook's Duchess Tablets, as they are the only safe and reliable monthly medicine known. Price, \$1. By mail, \$1.08. Send particulars. Address The Cook Company, Room 3, No. 253 Woodward Ave., Detroit, Mich. Sold in Janesville by R. J. Sarasy.

MAY MAKE THE AGED YOUNG.

University Scientist Has a New
Longevity Plan.

OLD MAY LIVE OVER AGAIN.

Treatment of Senile Subjects to Make Them Babies—Prof. Loeb Calls the Critical Point in Development of Egg and Man Similar.

Chicago, Jan. 5.—Reversible life is the latest discovery of Professor Jacques Loeb, the experimental physiologist of the University of Chicago. He has just published a pamphlet describing a discovery that he has made showing that in developing eggs and other forms of life he can reverse the processes of life—that is, he can take the animal after it has reached a certain stage of growth and is in certain physical processes and by changing its environment reverse its growth.

Dr. Loeb says that nature has shown him that there is a critical point in the development of a mature egg, when death can be avoided. As the development of an egg is comparable and similar to the growth and development of man, why is there not a critical point in the life of man when the processes of senility may be reversed and death avoided? "Who can tell?" said Dr. Loeb, "what application this may have to human life when it is worked out more fully in the future?" In the American Journal of Physiology of Jan. 1, 1901, in which Dr. Loeb describes his experiments with the polyp and egg in regard to reversible development, he says:

"We generally consider development as a process which can only occur in one direction, or, in other words, is irreversible. But that is apparently not generally the case. I have found that the morphogenetic process, or process which brings on old age and death, in hydroids is reversible. Here is an example: Campanularia is brought in contact with a solid body and it is transformed into undifferentiated matter and later into a stolon. If the same organ is brought into contact with sea water it gives rise to a polyp again. The same may be done with margels and other hydroids. In antenularia a change in the orientation of a branch with polyps will bring about the transformation of this material into a stolon. It will be the task to determine how far in the animal kingdom the development processes are found to be reversible. It is obvious that in a form which a reversible development death will not necessarily follow a certain stage of development corresponding to senility in man.

Death May Be Prevented.

WINE OF CARDUI.
Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

LADIES' ADVISORY DEPARTMENT.
For advice in cases requiring special directions, address, giving symptoms, Ladies' Advisory Dept., The CHATTANOOGA MEDICINE CO., Chattanooga, Tenn.

A LARGE BOTTLE OF WINE OF CARDUI COSTS \$1.00 AT THE DRUG STORE.

THESE GOLD NIGHTS GOOD HORSE BEDDING - -

Should Be In Every Well Kept Stable.

If you have never ordered bedding of us you don't know what we can do for you. We keep all kinds at all prices. We make a specialty of all variety of feed. The next time you need feed or bedding just step to the phone and get our prices. You may save money. You can't be to any expense by phoning us.

THANKFUL TO MRS. PINKHAM

Letters Proving Positively that there is No Medicine for Woman's Ills Equal to Lydia E. Pinkham's Vegetable Compound.

MRS. ANNIE THOMPSON

(ALL LETTERS ARE PUBLISHED BY SPECIAL PERMISSION.)

"I cannot say enough in regard to Lydia E. Pinkham's Vegetable Compound. It has done me more good than all the doctors. I have been troubled with female weakness in its worst form for about ten years. I had leucorrhoea and was so weak that I could not do my housework. I also had falling of the womb and inflammation of the womb and ovaries, and at menstrual periods I suffered terribly. At times my back would ache very hard. I could not lift anything or do any heavy work; was not able to stand on my feet long at a time. My husband spent hundreds of dollars for doctors but they did me no good. My husband's sister wrote what the Vegetable Compound had done for her, and wanted me to try it, but I did not then think it would do me any good. After a time, I concluded to try it, and I can truly say it does all that is claimed for it. Ten bottles of the Vegetable Compound and seven packages of Sanative Wash have made a new woman of me. I have had no womb trouble since taking the fifth bottle. I weigh more than I have in years; can do all my own housework, sleep well, have a good appetite, and now feel that life is worth living. I owe all to Lydia E. Pinkham's Vegetable Compound. I feel that it has saved my life and would not be without it for anything. I am always glad to recommend it to all my sex, for I know if they will follow Mrs. Pinkham's directions, they will be cured."

Gratefully yours, MRS. ANNIE THOMPSON, South Hot Springs, Ark.

CHANGE OF LIFE.
"I was taken sick five years ago with 'The Grippe,' and had a relapse and was given up by the doctor and my friends. Change of Life began to work on me. I flowed very badly until a year ago, then my stomach and lungs got so bad, I suffered terribly; the blood went up in my lungs and stomach, and I vomited it up. I could not eat scarcely anything. I cannot tell what I suffered with my head. My husband got me a bottle of Lydia E. Pinkham's Vegetable Compound, and before I had taken half of it I began to improve, and to-day I am another woman. Mrs. Pinkham's medicine has saved my life. I cannot praise it enough."

M. A. DENSON, Millport, N. Y.

PROFUSE PERIODS.
"I commenced taking Lydia E. Pinkham's Vegetable Compound about 3 months ago, and cannot express the wonderful good it has done me. Menstruations were so profuse as to leave me very weak for some time after. Was also troubled with leucorrhoea, tired feeling, bearing down sensation, pain across the back and thighs. I felt as though there was a heavy weight in my stomach all the time. I have taken two bottles of the medicine, and now have better health than I have had for four years."

Mrs. LIZZIE DICKSON HODGE, Avalon, Ohio.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. LYDIA E. PINKHAM MEDICINE CO.

WINE OF CARDUI

Woman's Crowning Virtue.

BELEXON, Mo., July 27.
For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years.

MRS. MINNIE LITTLE.

COAST IS SWEEP BY STORM.

Serious Damage by Gale in Nevada and California.

Reno, Nev., Jan. 5.—Water reports of the havoc wrought by the gale which blew a train from the rails at Doyle, 40 miles north of Reno, show that four passengers and three trainmen were hurt. The severest injuries were sustained by Mrs. H. D. Dodge of this city. A baggage car on the Virginia and Truckee railroad express was lifted from the trucks at Washington Mills, south of here. A portion of the roof of the Central Pacific freight depot at Reno was blown off, and the round house suffered similarly.

R. W. Perry was the heaviest loser. The livery stable is a three-story brick building and one of the largest in town. A portion of the second floor was used as a residence. Perry and his family were seated in the dining room, when, without warning, a 60-foot section of the south wall collapsed and tons of brick, lath, timbers, and mortar crashed through the ceiling. Mr. and Mrs. Perry and their three children were buried in the debris, but almost miraculously escaped serious injury. Perry estimates his loss at from \$2,500 to \$3,000. J. A. Pothoff's large brick livery stable lost a cornice. The roof was torn asunder and the walls cracked to the foundation. The western windows of the state university and insane asylum were blown in. The residence of John Sparks, the millionaire cattle king, was slightly damaged. A playhouse on the Fourth street public school grounds was hurled intact over ten feet.

Earthquake in Missouri.

St. Louis, Mo., Jan. 5.—A special to the Post-Dispatch from Nevada, Mo., says: "A distinct earthquake shock was felt here about 9:12 o'clock last night. Vibrations lasted more than fifteen seconds and traveled from northeast to southwest. News was received today from Eldorado Springs that the electric lights there were shaken entirely out, leaving that place in darkness for nearly a minute. J. T. Kerr's residence and several other houses had window panes broken by the shock. 'The shock was also felt in Appleton City, Mo., where every building was shaken, although no serious damage resulted.'"

Shot Through the Heart.

Snyder, Neb., Jan. 5.—At 8:30 last evening Herman Seatin, a saloonkeeper, was in his place when three strangers entered and commanded him to throw up his hands. He refused, and one of the robbers shot him through the heart, killing him instantly. The robbers ran out, but were followed by citizens. One of the robbers was shot and wounded, but all three got away. They are still being chased by officers and a large posse of citizens.

Made a Duchess by the Pope.

City of Mexico, Jan. 5.—The pope has created Mme. Antonio de Mier y Celis, widow of the late minister of Mexico to France, a duchess in recognition of her magnificent gifts to the church, one of them being a splendid residence in Paris for the papal nuncio. Senor Mier left his great residence and grounds in Tacubaya, a suburb of this city, for a hospital.

Miners Inaugurate a Strike.

Springfield, Ill., Jan. 5.—The long-expected strike at the Clear Lake mine went into effect today. It was precipitated by the delivery of three carloads of coal to the Springfield Contracting and Fuel company for the use of the statehouse. Secretary of State Rose has enough coal on hand to last till Monday.

Offers \$13,000 for Pat Crowe.

Omaha, Neb., Jan. 5.—A price has been put upon the head of Pat Crowe, the rewards offered for his arrest now amounting to \$13,000. The amount was posted today and is shared by E. A. Cudahy, the city and county. The detectives so far have failed to find a clue to the alleged kidnaper.

Turkish Soldiers Killed.

Constantinople, Jan. 5.—In the course of a serious affray near Isthia, originating in an attempt to arrest a number of Bulgarians suspected of being emissaries in the Macedonian committee, eight soldiers were killed. The troubles continue.

Dreyfus Buys a Villa.

Strasbourg, Jan. 5.—Ex-Capt. Dreyfus, the prisoner of Devil's island, who has been residing until lately near Geneva, has bought a villa at Muehlhausen, in Alsace. Muehlhausen is his native city and he will reside there in future.

Says He Will Vote for Quay.

Waynesboro, Pa., Jan. 5.—Representative F. Welty, one of the two Republican representatives from Franklin county in the Pennsylvania legislature, admits that he will cast his vote for Mr. Quay for United States senator on Jan. 15.

TO CONFER WITH SALISBURY.

Choate Will Discuss Nicaragua Question with English Premier.

New York, Jan. 5.—A dispatch to the World from London says: Ambassador Choate has received his instructions on the Nicaragua question. He will ask for a special interview with Lord Salisbury to confer on the subject. In the foreign office the opinion is expressed that Lord Salisbury will be in no hurry to come to an issue in the matter, unless the state department at Washington proves to be very urgent.

Lansdowne Has Treaty.

London, Jan. 5.—United States Ambassador Choate presented the Hay-Pauncefote amendments to the secretary of state for foreign affairs, the Marquis of Lansdowne today.

May Command the Illinois.

Newport News, Va., Jan. 5.—It is reported here that Capt. Robley D. Evans, who commanded the Iowa during the Spanish war and is now on board duty in Washington, is slated to command the battleship Illinois and will be ordered here before the ship's first trial in February.

Excursion Tickets to Rockford.

Via the Northwestern line, will be sold at reduced rates, January 7 to 12, inclusive, limited to January 13, on account of Annual Poultry, Pigeon and Belgian Hare Show of the Northern Illinois Poultry association. Apply to agents Chicago & Northwestern R'y.

Low Rates to the South.

Excursion tickets at reduced rates are now being sold by the Chicago Milwaukee & St. Paul R. R. to the prominent resorts in the South, including Jacksonville, Fla., Mobile, Ala., New Orleans, La., Savannah, Ga., El Paso, Tex., which are good for return passage at any time prior to June 1, 1901. Information regarding rates, routes, etc., can be obtained upon application to any coupon agent of the Chicago, Milwaukee & St. Paul Railway.

Excursion Rates to Winter Resorts. Via the Northwestern Line. Excursion tickets are sold daily, with favorable time limits, to numerous points in the West and South at reduced rates. For tickets and full information, apply to agents Chicago & Northwestern R'y.

Marietta, O., Jan. 5.—As a result of the attack of Walter A. Woinstock, aged 21, on Nellie Morris at Hackney, a village near here, the girl lies at the point of death with the muscles of her neck entirely severed and the jugular vein bared.

At Brodhead, Monday, Jan. 14.

MEN; BE STRONG!

You Can Be Cured of NERVOUS DEBILITY and LOST MANHOOD

BY "CALTHOS"

Full 5 Days Treatment ABSOLUTELY FREE By Sealed Mail.

NO C. O. D. OR DEPOSIT SCHEME.

PROF. JULES LABOURE, DISCOVERER OF "CALTHOS"

For years the cry has gone on from hundreds and thousands of men, young and old, for a remedy that would rid them of the terrible results of early follies or excesses, or of the overwork and worry that sap the physical vitality.

The medical profession of this country seemed powerless to cope with the appalling and disastrous diseases and annoying weaknesses of men resulting from violation of Nature's laws.

PROF. LABOURE'S WONDERFUL DISCOVERY.

It remained for the eminent French authority, Prof. Jules Laboure, to conduct scientific inquiry into the cause and cure of Lost Vitality, Sexual Weakness, Spermatophoria, Salivary Impotency, Small Pains, and the world today acknowledges the supremacy of the wonderful remedy "CALTHOS."

The Von Mohl Company, of Cincinnati, Ohio, recognizing the commercial value of Prof. Laboure's discovery, secured the sole American rights for "CALTHOS," and through its agency thousands of men who suffered from sexual diseases and debilitating nervous maladies have been restored to health and the virile powers of perfect manhood.

THE VON MOHL CO.'S REMARKABLE OFFER.

We are now authorizing the Von Mohl Company, to announce that every man who sends simply his name and address will be supplied absolutely free by sealed mail, with five days full treatment of "CALTHOS." This is no C. O. D. or Deposit Scheme, and there is positively no condition attached to the offer. You need not give humiliating details regarding your trouble. You need not send one cent of money—not even a postage stamp. All

As you value your health, your happiness, your very life, the most delicate beginning treatment, this Von Mohl Company has thousands of testimonials on file from persons who have taken the treatment, showing its marvelous restorative power. The Company does not publish testimonials, and your correspondence is carefully confidential.

Many who take only the five-days free treatment write that they are entirely cured.

For the sake of your family and friends, as well as for your own best interests, write to The Von Mohl Company for the free treatment by mail, in plain sealed package, at once.

PROMPT ACTION IMPORTANT.

STOMACH RELIEF.

The stomach is more often overworked than any other part of the human body. Countless numbers of people eat too much, and nearly every person in the world eats things that do not agree with the system. The stomach is the first organ to feel the evil effect and to suffer. The overplus of food and the things that are unwholesome, or often mildly poisonous, are emptied right into the stomach and it is given the impossible duty of digesting and assimilating all this stuff. Is it any wonder then that the stomach suffers? Is it any wonder that it needs relief? When a man is overworked in this fashion he simply breaks down. Who can wonder then that the stomach is deranged by this unjust burden and must refuse to do its work?

It is because of this ignorant and unnatural eating that most people are afflicted with some sort of stomach trouble, which is usually followed by liver or bowel complaint. For this same reason nearly everybody needs a stomach regulator to strengthen and invigorate the stomach and enable it to do its work well. In this situation

CHICAGO & ST. AUGUSTINE ...SPECIAL...

Much to the discomfort of Southern tourists there has never been through sleeping cars or through coaches run from Chicago or any other point north of the Ohio river, to Florida without charge. Commencing January 14, 1901 however, the SOUTHERN RAILWAY and connecting lines will place in service a SOLID VESTIBULED TRAIN consisting of composite baggage car, pullman sleeping car, dining car, and observation car, running through from Chicago to St. Augustine, Fla., without charge, via Cincinnati, Chattanooga, Atlanta, Macon, Jessup and Jacksonville on the following schedule,—Daily except Sunday:

Leave Chicago 12:00 Noon
Leave Cincinnati 8:40 P. M.
Arrive Jacksonville 7:30 P. M.
Arrive St. Augustine 8:30 P. M.

This train between Chicago and Cincinnati will run on alternate days over the Moon and O. H. & D.; Pennsylvania, and Big Four.—Leaving Chicago on Mondays and Thursdays via the Moon, on Tuesdays and Fridays via the Pennsylvania, and on Wednesdays and Saturdays via the Big Four. South of Cincinnati the route will be over the beautiful Queen & Crescent to Jacksonville, and Florida East Coast to St. Augustine.

Parties living outside of Chicago can make sleeping car reservation as far in advance as desired by addressing Ticket Agent of any of the lines mentioned above or Wm. H. Taylor, A. G. P. A. Southern Railway, Louisville, Ky., or J. C. Beas, Jr., N. W. P. A. Southern Railway, 225 Dearborn Street, Chicago, Ill.

NOTICE.

State and County Taxes.

To Whom It May Concern:

The tax rolls and warrant for the collection of state and county taxes for the year 1900 are now in my hands for collection, and all persons interested are requested to make payment thereof at the office of the city treasurer, in the city of Janesville, or the same will be collected at the cost and expense of the persons liable for the payment of said taxes.

JAS. A. FATHERS, Treasurer City of Janesville.

Dated this 15th day of December, 1900.

OF BADGER STATE****Red Men in Wisconsin as Numerous
as They Were One Hundred
Years Ago.**

Madison, Wis., Jan. 5.—At the general convocation of students of the university at Library hall yesterday, the principal address was made by R. G. Thwaites, secretary of the state historical society. Prof. Thwaites spoke on the subject, "Wisconsin a Hundred Hundred years Ago." He made the interesting statement that in 1800 there were about 9,000 Indians in the state and according to the last census there are still about 9,000. This presents an idea quite in opposition to the prevailing one regarding the passing of the red men.

Kruger Will Visit America.

New York, Jan. 5.—A dispatch to the Journal and Advertiser from London says: "It is almost certainly decided that Mr. Kruger will go to America in February, probably accompanied by W. T. Stead, who will make a ringing campaign in behalf of stopping the war."

"The correspondent saw Mr. Stead just before he left for Paris in company with John E. Milholland, who bore an invitation from prominent New Yorkers to Mr. Kruger to visit America. While in Paris they will see the leaders of the arbitration movement in Europe and decide definitely on plans. Mr. Stead said:

"The time has come for President Kruger to play his trump card and boldly declare his intention to visit President McKinley in order to plead with him the cause of the independence of the South African republics. Kruger is looked at askance in Germany and Austria, because he is the president of a republic, but he thinks this will not be regarded as a disqualification for his reception by the president of the greatest republic in the world.

"He does not believe the American government is indifferent to the war the Boers are waging against the British monarchy. If he goes to America he will go as a president to visit a president. He will probably arrive in New York in the middle of February. The state of his health is not regarded as likely to deter him from crossing the Atlantic. He had believed the voyage would take a fortnight, and is much pleased to hear he could make it in seven days.

"His movements somewhat depend upon the health of the czar, who is now quite well and had intended to return to St. Petersburg on Jan. 23, but the influenza has broken out on the Neva, and it is a dangerous malady for those just recovering from typhoid. The czar will probably go to Tsarskoe

Selo. If President Kruger went to Russia he would have a superb reception, and at every station in Germany between the Dutch and Russian frontiers he would receive ovations."

Maudie Lewis Pardoned.

Jefferson City, Mo., Jan. 5.—Gov. Stephens has pardoned Maudie Lewis, who was sent to the penitentiary from St. Louis for the murder of ex-State Senator Pete Morrissey of St. Louis. The murder occurred in St. Louis in 1895 during the session of the Missouri legislature in this city, of which body Morrissey was a member at the time.

The pardon was granted by the governor after repeated attempts had been made to get a pardon. There was a petition on file in the governor's office containing 1,000 names of people in St. Louis and Chicago. Executive clemency was secured principally through the efforts of Mrs. J. Spaulding, a sister of the condemned, who resides in Chicago, and who secured the signers to the monster petition.

No Liquor for Uncivilized.

Washington, Jan. 5.—Favorable action was taken today by the senate committee on foreign relations on the resolution previously introduced by Senator Lodge declaring for the enactment of laws prohibiting the sale of opium and intoxicating liquors to the aboriginal and uncivilized peoples of all countries and the resolution was afterward reported to and passed by the senate.

The committee had before it petitions signed by numerous individuals and associations from twenty-three states which were presented by the reform bureau.

Bliss Succeeds Strong.

New York, Jan. 5.—Cornelius N. Bliss has been selected to succeed the late W. I. Strong as chairman of the Business Men's Republican and Sound Money association at a meeting held at the Fifth Avenue hotel. This organization, which was formed in 1896, has heretofore taken no part except in presidential political contests. It has now decided to take an active part in state and local campaigns. With this idea in view a committee was appointed last night to secure articles of incorporation.

Senator Baker Quits.

Topeka, Kas., Jan. 5.—At noon today United States Senator Lucien Baker withdrew as a candidate for reelection. Mr. Baker issued the following statement: "After mature investigation I am satisfied that I can not be elected. To those of my friends who have stood by me I am under deep and lasting obligations." This apparently leaves the nomination assured to J. R. Burton.

Favorite choice Patent family flour 98c. Very good quality. Never had a complaint. Dedrick Bros.

Extra JANUARY SALE Extra

We ran down to Chicago about Dec. 15th and found one of the largest Wholesale Clothing Houses in Chicago were actually retiring from business. We offered them a ridiculously low price on a big pile of men's overcoats and ulsters, they refused our offer at that time, but finally accepted. Their loss is your gain, and you can buy
